

Ford Ranger Sport Double CAB W/S 2023

Plate BAL0CH · Turners ref 28082930

Not stolen · No money owing · Legal owner · 5-day money back

BAL0CH

No photo

No register carries a photo of a specific vehicle. A photo appears when the car is listed on Turners.

34,993

km (entered)

?

previous owners

?/5

safety rating

?

same year still registered

No alerts

Nothing on the stolen list, no security interest disclosed, not imported damaged, not re-registered, no RUC owing.

Record score

100

out of 100

low confidence · 4 of 17 checks could run

Scores the record, not the car. Points come off facts a named source stated; a check that could not run costs nothing and lowers the confidence instead.

✓ Clear	Not on the stolen list	clear
✓ Clear	Not re-registered	clear
✓ Clear	No RUC owing	clear
✓ Clear	Distance per year in the normal range	clear
... Waiting	Money owing (security interest) Unlocks with: PPSR search	not checked
... Waiting	Register marks the odometer unreliable Unlocks with: Register odometer flags	not checked
... Waiting	Inconsistent odometer readings Unlocks with: Odometer reading history	not checked
... Waiting	VIN prefix does not match this make and model Unlocks with: The VIN, from the register	not checked

... Waiting	Used import, first registered overseas Unlocks with: Origin, from the register or the CIN	not checked
-------------	--	-------------

Confidence cannot rise above low while these are unchecked: Money owing (security interest), Register marks the odometer unreliable, Inconsistent odometer readings, VIN prefix does not match this make and model, Flood, fire or water damage record. A high number here does not mean a clean car. It means nothing on the record we can see counts against it.

✓ Clear	Rightcar notice	none	NZTA Rightcar (public plate lookup)

Common faults

	Field	Value	Source
– Not stated	Common faults for this engine	not narrowed, so nothing is shown more than one engine fits the register's 1996 cc, Diesel: P703 2.0L EcoBlue single turbo diesel; P703 2.0L EcoBlue bi-turbo diesel. Showing one would guess.. Showing a list that might belong to a different engine would be worse than a blank. AI-compiled: written by claude-opus-5 for our database on 2026-09-18 16:01, not measured from workshop data. Indicative, not a quote.	Our common-faults database (AI-compiled)

Market position

	Field	Value	Source
✓ Clear	Asking price	not shown	Turners inventory (listing)
✓ Clear	Listed at Turners	21 days (since 20 Sep 2026) Counted from the first harvest that saw this listing, so it is a minimum.	Turners stock (complete harvest, all cars listed)
✓ Clear	Price changes	1 since we first saw it, 1 down \$49,990 on 20 Sep then \$47,990 on 02 Oct	Turners stock (complete harvest, all cars listed)
✓ Clear	Turners stock, same model within 2 model years (58 cars)	\$19,000 to \$53,585, median \$34,832	Turners stock (complete harvest, all cars listed)
✓ Clear	Where this car sits for its year and odometer	\$50,200 (band \$42,400 to \$59,500) least squares on the log of the asking price against age and odometer, fitted to 58 cars Turners is asking for today; the band is one standard deviation of the fit's own error. Age costs about 9.9% a year and every 10,000 km about 3.4%; the fit explains 63% of the spread across those 58 cars.	Calculated from the fields above
✓ Clear	If it followed the age curve of today's stock	in 1 year about \$45,800 · in 3 years about \$38,100 · in 5 years about \$31,700 The position above rolled forward at the rates fitted across 72 Ford Rangers from 2017 to 2025 in Turners stock, 5.9% a year and 3.3% per 10,000 km, at this car's 9,998 km a year (44,991 km, 64,987 km, 84,983 km). A conservative reading takes the low end of each band: \$38,700, \$32,200, \$26,800. It is what older cars like it are asking at Turners today, not a prediction of a future market: a model change or a wave of used imports moves it.	Calculated from the fields above
✓ Clear	Cars like this that left the site (144 in the last 90 days)	median 9.3 days listed A listing disappears when it sells, is withdrawn, or moves branch, and the public site does not say which, so this counts departures and never calls them sales.	Turners stock (complete harvest, all cars listed)
... Waiting	Sold price guide	pending Turners sold data Asking prices are what sellers hope for. What a car actually sold for lives in Turners' own auction hammer and retail records; this row fills in the day that feed exists.	Turners sold data (not yet connected)
✓ Clear	Market data as at	12 Oct 2026, 3:40 PM (2 hours ago), 2,769 cars on sale at Turners Harvested on a schedule; the whole Turners market is re-walked and written down.	Turners stock (complete harvest, all cars listed)

What three years costs

	Field	Value	Source
✓ Clear	These 1 lines over 3 years	\$5,000 to \$18,000 Adds up only value it loses over 3 years. It is not the cost of owning the car: fuel, likely repairs, registration and licensing, warrant of fitness, insurance, servicing and tyres are not counted, and each says why below.	Calculated from the fields above
✓ Clear	Value it loses over 3 years	\$5,000 to \$18,000 \$50,200 today down to about \$38,100 at 64,987 km, read off the age curve in Market position — a drop of about \$12,100, and \$5,000 to \$18,000 across the curve's own band. It is what older cars like it are asking at Turners today, not a prediction of a future market.	Calculated from the fields above
... Waiting	Fuel	not counted: Rightcar publishes no fuel cost figure for this vehicle	Calculated from the fields above

	Field	Value	Source
... Waiting	Likely repairs	not counted: more than one engine fits the register's 1996 cc, Diesel: P703 2.0L EcoBlue single turbo diesel; P703 2.0L EcoBlue bi-turbo diesel. Showing one would guess.	Calculated from the fields above
... Waiting	Registration and licensing	not counted: NZTA publishes the licence fee schedule, and their site refuses automated reads, so the fee is not wired in yet	Calculated from the fields above
... Waiting	Warrant of fitness	not counted: the inspection fee is set by each inspecting agent, not by regulation, so there is no single published figure to quote	Calculated from the fields above
... Waiting	Insurance	not counted: no public source states a premium for a vehicle; it depends on the driver, not only the car	Calculated from the fields above
... Waiting	Servicing and tyres	not counted: no public source states a schedule price for this model in New Zealand	Calculated from the fields above

Odometer record

No reading history. Odometer and inspection history switch on with the register connection.

2023	2023 Ford Ranger Wildtrak 4WD	76,026 km	\$53,585	Botany

The 24 closest of 58 comparable cars: same make, model and drivetrain, within 2 model years, from every car Turners is asking for on turners.co.nz, harvested whole, not the first page. Auction cars use the midpoint of the reserve range.

How this report was made

Every value in this document is a fact a named source stated, or arithmetic over those facts done on the machine that built it. Nothing is estimated into a gap: a field no source could answer is marked Waiting with what unlocks it. No language model wrote or chose any line of this report, its layout, or its photo.

Register provider: CarJam API (NZTA Motochek passthrough) (production). This plate returned: -1: IP address 125.236.233.177 is not allowed

18 fields are waiting on the NZTA Motochek and PPSR connections.

Source	Fields
Turners inventory (listing)	17
Turners Consumer Information Notice	13
Calculated from the fields above	11
NZTA Rightcar (public plate lookup)	10
CarJam API (NZTA Motochek passthrough)	8
Turners stock (complete harvest, all cars listed)	5
PPSR API (not yet connected)	2
NZTA Motochek (not yet connected)	1
NZ Police stolen vehicle list	1
NZTA Motor Vehicle Register open data	1
Our common-faults database (AI-compiled)	1
Turners sold data (not yet connected)	1

The one AI-compiled source: Our common-faults database (AI-compiled). Its rows are a database compiled in advance by a model and labelled as such wherever they appear; nothing is generated at lookup time, and a model the database lacks is shown as pending. Indicative, not a quote.
